Hi Ed – Good to have you on board. I was Dave's predecessor in the AC/EUL position and am the Unit Chief in the Superfund Remedial Program in Region 8 that manages the Colorado remedial sites including the Upper Animas site.

One of my staff, Liz Fagen, will be reporting to the AC/ICP next Monday for two weeks, and I'll be in Durango Tuesday evening through Thursday morning as well. I'll be sure to connect with you at that time.

Thanks,
Steve

Hi, everyone,

I wanted to do a quick introduction to let you all know that I have replaced Dave Kappelman in the Durango Environmental Unit. I understand that there will be a meeting on Monday afternoon that I will be participating in. I look forward to working with you all.

Regards,

-Ed.
